HELPFUL FUNDING RESOURCES

THE RESIDENCE understands many of the financial considerations and challenges that seniors and their families face when considering a transition from residential housing into a senior living community. To help you explore alternative financing sources, here are helpful ideas to assist seniors in transition:

Unsecured Loan

This can be an effective way to provide immediate funds to pay the up-front and continuing costs of a senior living community prior to the sale of a senior's home. Working much like a bridge loan or cash advance from a credit card, the loan, once approved, is set up like a line of credit in amounts ranging from \$3,000 to \$50,000. Families determine how much is needed each month, and then funds are transferred directly to the bank account of the senior community. Terms for repayment vary.

Veteran Services

The Veterans Administration can provide wartime veterans and surviving spouses of wartime veterans with a special monthly pension benefit called Aid and Attendance, which can be used to defray some of the costs of living in a Memory Care community. For more information, please visit: www.benefits.va.gov/pension

Long-Term Care Insurance

Helps provide for the cost of long-term care beyond a predetermined period and is generally not covered by health insurance, Medicare, or Medicaid.

Check with your insurance company or agent about coverage you may be eligible to receive.

Life Settlements

Funds for senior housing and long term care can also be raised through the Life Settlement market. In short, a Life Settlement is the sale of an in-force life insurance policy, while the policy owner is still alive, for an amount much greater than the typical cash surrender value. The process is straightforward and typically takes 30 to 60 days to complete. A Life Settlement may be an attractive alternative to the rushed sale of a home or the liquidation of a more dearly held asset at a time of transition.

PREFERRED PROVIDERS

THE RESIDENCE can provide you with a list of preferred providers or referrals for many of these funding resources. As with any funding decision, we encourage you to seek guidance from your financial advisor.
